

# 9th European Summer School

## Advanced Proteomics

August 2 – 8, 2015, Kloster Neustift (Brixen/Bressanone, South Tirol, Italy)

March 4<sup>th</sup>, 2015

### 9<sup>th</sup> European Summer School ADVANCED PROTEOMICS

Dear colleagues,

Please find attached the poster announcing the 9<sup>th</sup> European Summer School on

#### *Advanced Proteomics*

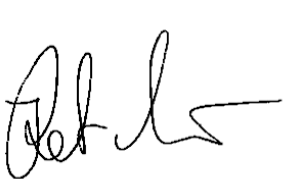

This internationally renowned educational event will be held again in Bressanone/Brixen, South Tyrol, Italy from August 2<sup>th</sup>- 8<sup>th</sup>, 2015. As in previous years, the Summer School lasts 6 days to allow ample time for learning, discussing and having fun. We are proud that several high caliber speakers confirmed their participation and will be available for a couple of days for informal exchange with the students.

The application deadline is May 15<sup>th</sup> 2015. For further information please visit:

[www.proteomic-basics.eu](http://www.proteomic-basics.eu)

We would be grateful, if you could print the poster and place it at an appropriate location in your institute.

Thank you very much for supporting the Summer School and with best regards,

Katrin Marcus
